DECD Inner South Curriculum Alliance Schools ............................................. 50

For more information on courses and how to enrol, see your school’s VET coordinator.

Information provided in this booklet is believed to be correct at the time of printing. However, several factors can affect whether a course will run and whether the costs listed are accurate. These include: sufficient student numbers, unforeseen costs and if a school is approved to deliver by a Registered Training Organisation.
How do I apply for a Regional VET Program?

Step 1: Choose the course from this booklet that you are interested in applying for.
Step 2: See your school’s VET Coordinator for a copy of the application form.
Step 3: Complete and sign the application form, making sure to carefully read your rights and responsibilities, and return to your VET Coordinator.
Step 4: You will be advised of the outcome of your application during Term 4. Please note that some courses may require you to attend an interview or information session.

Frequently Asked Questions

What is VET?
Vocational Education and Training is industry specific and nationally recognised training that can be undertaken while a student is still at school.

What are ISCA Schools?
ISCA is the Inner South Curriculum Alliance and comprises the ten DECD schools listed on the back page of this booklet.
The courses offered here are designed to meet the training needs of the students within the Alliance. Students still have access to a range of VET courses from other clusters, TAFE and private Registered Training organisations. Please see your school’s VET Coordinator for more information.

Can VET Count toward SACE?
VET Programs are recognised within the SACE, providing credits toward the completion of Stage 1 and/or Stage 2. Please see your school’s VET Coordinator for more information.

What are the benefits of choosing VET?
• Gaining a nationally recognised qualification whilst completing your SACE
• Getting a head start in your chosen career
• Providing opportunities to learn on-the-job through workplace learning
• Gaining the skills and knowledge that employers are looking for
• Providing pathways to apprenticeships, traineeships, further training or direct employment.
How much will it cost me?
Course costs vary. Your VET Coordinator will provide you with exact costing during the course counselling process.

How will I get there?
All students are required to arrange their own transport to VET Courses and Work Experience.

Will I need to do Work Experience as part of my VET Course?
Some VET Programs require students to complete Work Experience as part of their training in a real or simulated work environment. These placements provide valuable training and mentoring to develop your technical and employability skills.

What SACE subjects fit with my VET Program?
A SACE subject highly recommended for VET students is Stage 1 and 2 Workplace Practices. Students who gain the most from this subject are usually involved in a VET program, part time work, apprenticeships or traineeships, volunteering or community work. The course content of Workplace Practices compliments and adds value to what you are learning in your training or other work.

How will my VET Course impact on University and TAFE entry?
Some fully completed VET Courses, at Certificate III level or above, can contribute to your Australian Tertiary Admissions Rank (ATAR). TAFE SA recognises SACE completion as meeting the entry requirements for most of its courses. It also considers a variety of other qualifications (including VET) and experiences in its entry selection processes.

For more information on University or TAFE entry, please see your school’s VET/SACE Coordinator.

Will doing a VET Course affect my other subjects?
You may miss lessons for other subjects whilst attending your VET program and work experience. You will need to be well organised and work closely with your subject teachers and VET Coordinator to ensure this impact is minimised.
School Based Apprenticeships

A School Based Apprenticeship (SBA) is a great way to start your career while completing your SACE. SBAs enable students from years 10 - 12 to combine paid work, training and school, while working towards both the SACE and a nationally recognised qualification. Students undertaking an SBA commence work under a Contract of Training which is facilitated by the Trade School Apprenticeship Brokers.

Before commencing an SBA, it is recommended that you have participated in a VET program. This demonstrates to any potential employers your genuine interest in the area and that you have already learnt a variety of job specific skills.

Some benefits of undertaking a School Based Apprenticeship are:

- Earning money whilst still at school
- Working towards or gaining a nationally recognised qualification
- Gaining hands-on experience in your chosen career
- Earning SACE credits as part of your training, and completing your SACE
- Starting your career whilst still at school

Our Apprenticeship Brokers work with students from each of our Inner South schools and help to: prepare students for employment, connect students with potential employers and complete the Apprenticeship sign-up process.

Course Description
This qualification is aimed at students wanting to develop skills and knowledge related to character animation for the games, film and multimedia industries. It has been developed in consultation with local animation companies. There is regular industry-professional input and contact. Students will learn a range of animation styles and techniques using industry standard 2D and 3D software. Students will also learn the production process; how to design, model and texture characters, create sound tracks and create work to an industry brief.

The course can contribute most of the credits required for Stage 2 SACE and is for students with a strong interest and drive to build a character animation pathway into the animation, games, film, special FX and multimedia industries.

Commencement Date: Week 2, Term 1 (Tuesday, February 9 and Thursday, February 11)
Length of Course: 1 year
Exit point: Depends on how many competencies are gained.
Day & Time: Tuesday and Thursday 9.00am to 3.15pm
Work Experience: Not compulsory but recommended.
Special Requirements: Attend an interview.
Pre-Requisites: Students should have a minimum Satisfactory pass of Year 10 English. Students should have a genuine interest in developing skills and knowledge related to working in the digital media industry. They should show potential teamwork and attendance/commitment to work.

Further Education: Bachelor of Creative Arts (Digital Media), Flinders Diploma in Game Art, Tea Tree Gully TAFE Diploma in Screen Effects, Tea Tree Gully TAFE Diploma and Advanced Diploma in Screen and Media (MAPS courses at Hamilton)

Career Pathway: Graphic Designer, Web Designer, Illustrator, Animator.
Certificate III in Media - 3D Animation and Game Development

Registered Training Organisation  The Academy of Interactive Entertainment (AIE)  (Code: 88021)
Delivery Site  Seaview High School
Qualification Title  Certificate III in Media (FULL)
Qualification Code  CUF3017
Number of SACE Credits  Up to 70 at Stage 2

</tbody>
</table>

Course Description
This course introduces students to the career opportunities in the Creative Industries. 1st Year: Introduction to 3D animation and film making, including: modelling, texturing, animation, lighting, rendering, audio design and environment design. 2nd Year: students use 3D animation in game making and develop a game from initial concept to playable demo. Using the Unreal Engine, art and scripts, students design game play mechanics and refine them while learning the entire development pipeline. Students also network with local industry professionals. Certificate completion can be used towards an ATAR score.

Commencement Date  Week 2, Term 1 (Wednesday, February 10)
Length of Course  2 years
Exit point  Certificate II in Creative Industries (Media – CUF20107) can be awarded after successful completion of the 1st year.
Day & Time  Year 1, Certificate II – Wednesday 1.30pm to 4.30pm  
            Year 2, Certificate III – Thursday 1.30pm to 4.30pm
Work Experience  Recommended
Special Requirements  Students will be interviewed to ascertain interest and prior knowledge.
Pre-Requisites  Knowledge of basic Adobe Photoshop and Premiere an advantage.
Further Education  Adv. Diploma of Professional Game Development or of Screen and Media, Bachelor of Games and Virtual Worlds, Bachelor of Media/Arts.
Career Pathway  3D Animator, Character Animator, Matte Painter, 3D Modeller, Renderer, Art Director, Creative Director, Environment Designer, Video Game Technical Director.
Certificate III in **Technical Production** - Music Industry and Recording

**Registered Training Organisation**  
College of Sound and Music Production – COSAMP - member of The Australian Centre for Advanced Studies - ACAS. (Code: 50392)

**Delivery Site**  
Seaview High School

**Qualification Title**  
Certificate III in Technical Production (FULL)

**Qualification Code**  
CUS30209

**Number of SACE Credits**  
Up to 40 at Stage 2

| ISCA Schools
| Course Fees: |
| $500 |
| Additional Costs: |
| Nil |
| Total: |
| $500 |

**Course Description**

By completing this course students will have the opportunity to accrue either part or all of the Certificate III in Technical Production qualification.

This course is suitable for students seeking extensive knowledge in manipulating audio using industry standard Digital Audio Workstation recording and editing software for all audio requirements – including music tracks, gaming audio and movie making soundtracks and effects. Students learn to set up and use portable address systems (PAs) and control digital and analogue mixing desks. They learn to apply an extensive array of industry standard microphones to a variety of live and studio recording applications.

**Commencement Date**  
Week 2, Term 1 (Tuesday, February 9)

**Length of Course**  
1 year

**Exit point**  
Statement of attainment.

**Day & Time**  
Tuesday 11.00am to 4.00pm

**Work Experience**  
Not compulsory but recommended.

**Special Requirements**  
Students will be interviewed to ascertain music experience and prior knowledge. Regular, prior access to music recording software is an advantage.

**Pre-Requisites**  
2 to 3 years of theory and music knowledge or the equivalent experience. Approximately 2 to 3 years of school music experience and be able to sing or play an instrument competently.

**Further Education Pathway**  
TAFE and University music related courses: Cert IV Sound Production, Diploma of Music or Technical Production. Bachelor of Music.

**Career Pathway**  
Film, television and radio audio engineers, studio-band recording engineers, and live band, DJ or theatre technician sound engineers.
Certificate III in **Technical Production** - Theatre, Live, Studio and Electronic

**Registered Training Organisation**  Australian College of the Arts Pty Ltd (Code: 0109)

**Delivery Site**  Brighton Secondary School

**Qualification Title**  Certificate III in Technical Production (FULL)

**Qualification Code**  CUS30209

**Number of SACE Credits**  Up to 40 at Stage 2

Transition into further training/work ie. Apprenticeship or higher level Certificate IV training ie. Business Management in Construction.

**Career Pathway**  
Successful completion of this course may assist students in gaining employment within the Building, Construction and Technology Industries.
Doorways 2 Construction - Plumbing

Registered Training Organisation Master Plumbers Association of South Australia (Code: 40070)

Delivery Site Unley High School

Qualification Title Certificate I in Construction (FULL)

Qualification Code CPC10111

Number of SACE Credits Up to 40 at Stage 1

Course Description
This qualification will focus on the introductory skills a Plumbing Apprentice would require. It has been designed by the Plumbing Industry Association of South Australia and is offered in conjunction with Unley High School. Students will learn skills that have industry relevance and will also undertake their ‘White Card’ as part of the course.

Commencement Date
Week 2, Term 1 (Thursday, February 11) for the full year course and Week 9, Term 2 (Monday, June 27) for the Semester course.

Length of Course
Either 1 Year or 1 Semester

Day & Time
Thursday 9.00am to 3.00pm for the full year course and Thursday 8.30am to 4.30pm for the Semester course

Work Experience
2 weeks required.

Special Requirements
Students will be required to wear correct safety equipment, including steel capped boots, long pants and Hi-vis shirt.

Pre-Requisites
Students must be interested in pursuing a career in the Plumbing Industry.

Further Education Pathway
Successful completion of this course will allow students to apply for the full year Doorways 2 Construction Plumbing Plus course the following year.

Career Pathway
Successful completion of this course may lead to a school based apprenticeship or full time apprenticeship within the Plumbing Industry.
Doorways 2 Construction - Plumbing Plus

Registered Training Organisation: Master Plumbers Association of South Australia (Code: 40070)

Delivery Site: Unley High School

Qualification Title: Certificate III in Roof Plumbing (PARTIAL)

Qualification Code: CPC32612

Number of SACE Credits: Up to 30 at Stage 2

Course Description:
This course is a continuation of Certificate I in Plumbing. It has been developed in conjunction with the Plumbing Industry Association of South Australia and aims to provide an entry point for students wishing to gain an apprenticeship. The course comprises classroom based study and workshop and outdoor practical activities. This course has a strong emphasis on safety and will give students the necessary skills and knowledge to apply for apprenticeships.

Commencement Date: Week 2, Term 1 (Tuesday, February 9)

Length of Course: 1 year

Day & Time: Tuesday 8.30am to 4.00pm

Work Experience: 3 weeks required.

Special Requirements: Students will be required to wear correct safety equipment, including steel capped boots, long pants and Hi-vis shirt.

Pre-Requisites: Students must be interested in pursuing a career in the Plumbing Industry and have successfully completed Certificate I in Construction.

Further Education Pathway: Student can apply to TAFE to continue a Full time Pre-Vocational Course or seek an Apprenticeship.

Career Pathway: Successful completion of this course may lead to a school based apprenticeship or full time apprenticeship within the Plumbing Industry. For more information please see: www.myfuture.edu.au/explore-careers
Certificate II in **Electronics**

**Registered Training Organisation**  TAFE SA (Code: 41026)

**Delivery Site**  Blackwood High School

**Qualification Title**  Certificate II in Electronics (PARTIAL)

**Qualification Code**  UEE21911

**Number of SACE Credits**  Up to 35 at Stage 2

**Course Description**
This Industry Pathways Program has been designed to allow students an opportunity to experience the training and work necessary to succeed in the Electrotechnology Industry. Units of Competency have been chosen in consultation with Registered Training Providers to allow students wishing to continue their studies the most appropriate pathway into a Pre-Vocational Course. Students will be learning in a custom built Electronics laboratory and computer suite and will be assessed against industry standards.

**Commencement Date**  Week 2, Term 1 (Thursday, February 11)

**Length of Course**  1 year

**Day & Time**  Thursday 8.40am to 3.10pm

**Work Experience**  1 week is compulsory.

**Special Requirements**  Students will be required to attend an interview in Term 4 to assess suitability.

**Pre-Requisites**  Students must be in either SACE Stage 1 or 2 in order to enrol in this course.

**Career Pathway**  This course is designed for students considering a career in Electrotechnology or the Electrical trades. For more information please see: [www.myfuture.edu.au/explore-careers](http://www.myfuture.edu.au/explore-careers)
Certificate II in **Engineering** - Metal Trade Skills

**Registered Training Organisation**  TAFE SA (Code: 41026)

**Delivery Site**  Thebarton Senior College

**Qualification Title**  Certificate II in Engineering (PARTIAL)

**Qualification Code**  MEM20105

**Number of SACE Credits**  Up to 40 at Stage 1

</tbody>
</table>

**Course Description**

This is an entry level, general skill set, designed to appeal to students wishing to pursue a career in metal trades, manufacturing and related industries, including mining and infrastructure. Workplace Health and Safety will be a major focus of all work undertaken. Students will use a wide range of metal engineering equipment in a modern, well equipped workshop environment. This will include horizontal bandsaws, cropping and punching machines, drilling machines, grinders, metal turning lathes, universal mills and associated hand and power tools. Students will also gain a working knowledge of a range of engineering materials and processes including oxy-acetylene cutting and machining threads, along with oxy-acetylene welding, MMAW (arc) and GMAW (MIG) welding of mild steel.

**Commencement Date**  Week 2, Term 1 (Tuesday, February 9)

**Length of Course**  2 Semesters

**Day & Time**  Tuesday 8.40am to 3.15pm

**Work Experience**  A minimum of 10 days of work placement is required.

**Special Requirements**  Attend an information session, attend an enrolment interview. Safety Footwear required.

**Pre-Requisites**  It is preferred that students have had some experience in a Design and Technology course at Year 10 level or beyond. An interest in practical work and hand skills.

**Further Education Pathway**  Leads to possible apprenticeship or employment in the metals, engineering, manufacturing, toolmaking and related industries, including mining trades.

**Career Pathway**  For more information see: [www.myfuture.edu.au/explore-careers](http://www.myfuture.edu.au/explore-careers)
Certificate III in **Engineering** - Fabrication

**Registered Training Organisation**  Training Prospects (Code: 40053)

**Delivery Site**  Urrbrae Agricultural High School

**Qualification Title**  Certificate III in Engineering – Fabrication (PARTIAL)

**Qualification Code**  MEM30205

**Number of SACE Credits**  Up to 60 by the end of Stage 2

<table>
<thead>
<tr>

<tr>
<td>Additional Costs: Nil</td>
</tr>
<tr>
<td>Total: $1100</td>
</tr>
</tbody>
</table>

**Course Description**

This course is for students wishing to pursue a career in the Metals and Engineering trades or related industries. Students will develop competencies in the Metal workshops using a range of hand tools, portable power tools and industrial machines. The emphasis will include metal machining, lathe and milling machines, modern welding techniques and fabrication techniques. Students will be exposed to computer numerical control (CNC) machinery and reinforce the skills learnt by doing structured work experience. It is a practical based course with regular theory topics.

**Commencement Date**  
Year 1: Week 2, Term 1 (Tuesday, February 9)  
Year 2: Week 2, Term 1 (Wednesday, February 10)

**Length of Course**  2 years in total. 4 Semesters.

**Exit point**  At the end of Year 1, students will gain a Certificate II in Engineering MEM 20105

**Day & Time**  
Year 1: Tuesday 11.00am to 5.00pm and  
Year 2: Wednesday 11.00am to 5.00pm

**Work Experience**  2 weeks of structured work placement each year.

**Special Requirements**  Students will attend an interview prior to placement in the course.

**Pre-Requisites**  It is highly recommended that students have workshop experience in a Design and Technology course at Year 10 level. Sound literacy and numeracy skills are essential.

**Further Education Pathway**  Students who gain an apprenticeship may complete their trade Certificate III level qualification.

**Career Pathway**  Students may be suitable for an Apprenticeship or employment within the Metals, Engineering, Manufacturing and associated industries. For more information please see: [www.myfuture.edu.au/explore-careers](http://www.myfuture.edu.au/explore-careers)
Aviation SACE Stage 2

Registered Training Organisation: Not Applicable
Delivery Site: Australian Science and Mathematics School
Qualification Title: SACE Stage 2 Scientific Studies
Qualification Code: Not Applicable
Number of SACE Credits: 20 at Stage 2

Course Fees:
- $240 to cover required materials and equipment.
- Nil for School Card Recipients

Additional Costs:
- Students can purchase text books (optional)

Total: $240

Course Description
This Industry Pathways Program has been designed to offer students a viable pathway to a career in aviation. Although not incorporating VET units of competency, Aviation focuses on the skills and knowledge necessary to begin a career in this industry.

The Australian Science and Mathematics school has state of the art equipment including an industry standard multi-functional Synthetic Flight Simulator.

The program is a rich and powerful mix of Mathematics, Physics, Physiology, Meteorology, Geography, Psychology and Literacy. Students will be provided with ample opportunities to critically approach and analyse issues, investigations, conventional learning and complement these with research and practical activities.

Commencement Date: Week 2, Term 1 (Wednesday, February 10)
Length of Course: 1 year
Day & Time: Wednesday 2.00pm to 6.00pm
Work Experience: Not compulsory but recommended.
Special Requirements: Students will be required to attend an information session in Term 4 and undertake an interview.
Pre-Requisites: Students must have passing grades in Stage 1 Mathematics and Physics. Stage 1 students may be considered if their Year 10 grades are at a high standard.
Career Pathway: This course is designed for students considering a career in Aviation. For more information please see: www.myfuture.edu.au/explore-careers.
Certificate III in **Laboratory Skills** - General/Pathology

**Registered Training Organisation**  
LTT Group Pty Ltd (Code: 51621)

**Delivery Site**  
Seaview High School

**Qualification Title**  
Certificate III in Laboratory Skills (FULL)

**Course Description**

This qualification provides a broad package of competencies that meet the requirements for employment as a laboratory assistant/technician. The course is designed to maximise the portability of the qualification into the numerous industries that operate laboratories as a whole or as a supporting part of their business operation.

If the Pathology stream is chosen students will become qualified for pathology collection.

Course suitable for enrolments from Stage 1 or 2 students.

**Commencement Date**  
Week 2, Term 1 (Friday, February 12)

**Length of Course**  
2 Semesters

**Exit point**  
Statement of attainment for competencies achieved.

**Day & Time**  
Friday 9.00am to 3.30pm

**Work Experience**  
Recommended.

**Special Requirements**  
Students need to have a competent background in Maths/Science and will be required to attend an information session.

**Pre-Requisites**  
Students need to have an interest in working in a Laboratory combined with an understanding of the breadth of different industries that operate laboratories.

**Further Education Pathway**  
Certificate IV in Laboratory Techniques, Diploma of Laboratory Technology, Advanced Diploma of Laboratory Operations. A range of Degree qualifications including Forensic and Analytical Science at Flinders University.

**Career Pathway**  
Numerous pathways exist within Laboratory work as laboratories are included in a range of industries such as: Medical, Pathology, Forensics, Construction, Environmental, Mining, Food, Wine and Manufacturing.
Certificate III in Travel

Registered Training Organisation  Hamilton Secondary College (Code: 0561)
Delivery Site  Hamilton Secondary College
Qualification Title  Certificate III in Travel (FULL)
Qualification Code  SIT31312
Number of SACE Credits  Up to 70 in Stage 2 (Cert II is a pre-requisite and some units are the same so cannot count twice) and 25 in Stage 1.

Course Description

This qualification is designed to build on core skills and knowledge in the Tourism industry gained in Certificate II in Tourism. The course uses AFTA study materials and students complete the national ATPP examinations for each competency. Students will need to set aside time for extra independent study. Examination re-sits will not incur an extra fee.

Commencement Date  Week 2, Term 1 (Tuesday, February 9 Certificate III and Thursday, February 11 Certificate II)
Length of Course  Full year 2 days per week for both certificates or Thursdays for Certificate II.
Exit point  Depends on how many competencies are gained.
Day & Time  Tuesday and Thursday 9.00am to 3.15pm
Work Experience  10 days required
Special Requirements  Attend an interview.
Pre-Requisites  Students must also enrol concurrently in or have completed Certificate II in Tourism. Students should have a genuine interest in developing skills and knowledge related to working in the Travel industry.

Further Education Pathway  Certificate IV in Tourism
Career Pathway  Travel Agent, Tourism Operator and Tourism Retail Sales Agent.
Certificate II in **Kitchen Operations**

**Registered Training Organisation**  Hamilton Secondary College (Code: 0561)

**Delivery Site**  Hamilton Secondary College

**Qualification Title**  Certificate II in Kitchen Operations (FULL)

**Qualification Code**  SIT20312

**Number of SACE Credits**  Up to 40 at Stage 1

**Course Description**

The course is designed to give students an insight into aspects of the Hospitality industry, some experiences in formal training and work placement. Topics cover both practical and theoretical aspects of working in the Hospitality industry. This qualification provides the skills and knowledge for an individual to be competent in a range of kitchen functions and activities that require the application of a limited range of practical skills in a defined context.

**Commencement Date**  Week 2, Term 1 (Thursday, February 11)

**Length of Course**  2 semesters

**Exit point**  Depends on how many competencies are gained.

**Day & Time**  Thursday 9.00am to 3.15pm

**Work Experience**  10 days (group work placement at SAJC and individual work placement)

**Special Requirements**  Attend an interview.

**Pre-Requisites**  Students should have a minimum Satisfactory pass of Year 10 English. Students should have a genuine interest in working in the Hospitality industry and cooking. Students will be issued with a Chef’s uniform they are expected to wear.

**Further Education Pathway**  Certificate III in Hospitality, Certificate III in Commercial Cookery.

**Career Pathway**  Kitchen Hand, Short Order Cook and Apprentice Chef.
Certificate II in **Tourism**

**Registered Training Organisation**: Hamilton Secondary College [Code: 0561]

**Delivery Site**: Hamilton Secondary College

**Qualification Title**: Certificate II in Tourism (FULL)

**Qualification Code**: SIT20112

**Number of SACE Credits**: Up to 40 at Stage 1

**Course Description**

This qualification provides the skills and knowledge for an individual to be competent in a defined range of basic tourism technical skills. Work could be undertaken in an office environment where the planning of tourism products and services takes place, in the field where tourism products are delivered or a combination of both. The field includes any destination, local or regional area, tourist precinct, attraction or onboard form of transportation. The qualification reflects the role of individuals, who perform a range of mainly routine tasks, using limited practical skills and fundamental operational knowledge in a defined context.

**Commencement Date**: Week 2, Term 1 (Thursday, February 11)

**Length of Course**: 1 year

**Exit point**: Depends on how many competencies are gained.

**Day & Time**: Thursday 9.00am to 3.15pm

**Work Experience**: 5 days

**Special Requirements**: Attend an interview.

**Pre-Requisites**: Students should have a minimum Satisfactory pass of Year 10 English. Students should have a genuine interest in developing skills and knowledge related to working in the Tourism industry.

**Further Education Pathway**: Certificate III in Travel

**Career Pathway**: Travel Agent; Tourism Operator and Tourism Retail Sales Agent.
