

IMPROVEMENT STRATEGIES

CURIOSITY • COURAGE • CITIZENSHIP

 <p>DEFINE What is our primary goal or vision?</p>	<p>To create lifelong learners who can problem-solve, think critically and creatively, communicate effectively, and act ethically in a dynamic global world.</p>
 <p>DISCOVER What do we need to find or learn? Why is it important to us and our practice?</p>	<p>How to incorporate learner voice in task design and assessment practices that challenge and stretch students</p> <p>We wish to explore:</p> <ul style="list-style-type: none"> • positive education strategies to assist students to develop a growth mindset • digital technologies to create a classroom environment that challenges critical and creative thinking • cutting-edge integrated STEM teaching and learning strategies.
 <p>DREAM What is the best-case scenario? How will it function?</p>	<p>Students will be responsible for, engaged in and be able to articulate their learning.</p> <p>Teachers continuously develop contemporary pedagogical and assessment practices that challenge all students.</p>
 <p>DESIGN What is our plan to move forward?</p>	<p>To use a contemporary Pedagogical Framework for World Class Learning (see over) that focusses on personalised learning, task design, collaboration and reflective practice to:</p> <ul style="list-style-type: none"> • differentiate the curriculum • deprivatise practice through task design, assessment and moderation.
 <p>DELIVER How will we practically apply our knowledge?</p>	<p>Explore and engage with 10 shifts of practice:</p> <ul style="list-style-type: none"> • Lee Crockett's 10 shifts of practice (see over) • Victoria's High Impact Strategies (see over) • other leading educational models.
 <p>DEBRIEF What are the next steps?</p>	<p>To reflect on our journey and identify areas for continued work</p>
