

MATHS PEER TUTORING

Dear Parents and Caregivers,

We are very fortunate to have a group of high achieving year 10 and 11 students who run a lunchtime mathematics tutoring program for year 8 and 9 students.

While the primary contact for supporting your child is their subject teacher, with whom they can make an appointment for additional support, we are also very excited to offer this opportunity.

The program is voluntary but is a commitment, not a walk-in as the tutors work very hard to consult with teachers and plan an individualised program to meet the needs of their students.

Students can book into the program by contacting me at femia.bakuszowski@brighton.sa.edu.au including which lunchtimes they are available and would like support during or by filling the below Google form. <https://forms.gle/woQZXRbfGnyghcLa7>

If you have any queries about the program, please feel free to contact your child's mathematics teacher.

Kind regards,

Toni Carellas
Principal
