### For the parent/caregiver:

We are aware and agree to the school's initiatives to maintain the care, use and management of computers in a cyber-safe learning environment. Therefore I agree to take all possible steps to ensure the above signed student complies with the user agreement obligations set out in provided policy document, Brighton Secondary School – Digital Learning Policy, which can be found at [www.brightonss.sa.edu.au/about-us/digital-learning/](http://www.brightonss.sa.edu.au/about-us/digital-learning/)

### Damage to the MacBook

As per the Digital Learning Policy, where a loss, theft or damage [of the MacBook] is the result of negligence, carelessness, inattention or apparent disregard for the laptop or malice, parents/caregivers will be charged for the repair or replacement cost of a new MacBook. This includes (but is not limited to) screen damage, physical damage (for example, from being dropped) and water damage. These conditions apply whether the device is damaged on school grounds or off-site.

For this reason, Brighton Secondary School strongly recommends families add the supplied MacBook as an item on their own Home and Contents Insurance.

I understand regulation 52 of the Education Regulations 1997 (set out below) may be applied where there is damage to the provided MacBook.

### Regulations 52.

*Where a student enrolled at a school damages school equipment or property the head teacher may require that student to meet the cost of repairing that damage and if, on request, the cost is not met by that student, it may be recovered by the Minister by action in a court of competent jurisdiction.*
