

SCHOOL UNIFORM POLICY

The Brighton Secondary School Uniform Policy has been developed and approved by the school community through the Governing Council. The school expects the co-operation of all students, parents and staff in the implementation of the policy.

Rationale

In keeping with Brighton Secondary School's long tradition of excellence and respect, all students are expected to wear the Brighton Secondary School uniform with pride and in an appropriate manner. Wearing the school uniform provides a sense of connection to the school community, assists in the provision of a safe school environment, promotes equality and provides cost effective, durable clothing.

Exemptions

The school recognises the diversity of its student community and respects the cultural and religious beliefs of its members. At times, therefore, special allowances can be made in relation to the school uniform to support the beliefs of students and their families. Allowances can also be made for new students, for reasons of financial hardship and for genuine medical reasons.

In instances where the uniform does not meet individual requirements, parents/carers are asked to discuss the matter with the Home Group teacher. The Home Group teacher will then refer it along with information about the grounds and time frame for the exemption to the appropriate Senior Leader for consideration.
